

Integrated Management System

Quality, Safety, Health, and the Environment at Work

FARMEX S.A. is a leading company in the market of plant health, seeds, and public health. We are committed to providing *quality products* under competitive conditions, delivered in a timely manner and with *excellent service*, thus ensuring the satisfaction and the loyalty of our customers.

To this end, we provide a *safe and healthy environment in order to prevent injuries and health risks*, where employees can develop their full potential by contributing their *enthusiasm and creativity*. *We are committed to the integration and continuous improvement* of the Management Systems through our employee's questions, information, and participation.

Our activities are carried out in compliance with a legal framework, the requirements of our customers, and the adopted voluntary provisions that apply to our operations. We are committed to *preventing cross-contamination, eliminating hazards, and reducing safety and health risks*, in order to protect our staff, customers, suppliers, and visitors. As such, we conduct ourselves *responsibly* with the community and other interested parties, with the commitment to *protect the environment*, including *the prevention of environmental pollution through the monitoring of our ecological impact*.

The occupational health and safety management system is integrated and compatible with the other management systems.
